Appendix 2:
DPD Unit Values Table

The DPD units ascribed to particular activities takes into account the depth of participant engagement expected, as well as activity time-frames. DPD activities undertaken externally must relate to the practice of directorship and governance as identified in the Company Director Corporate Governance Framework™. Members must identify the quadrant of the Framework with which their externally sourced DPD activity aligns. DPD activities undertaken through appropriate external providers attract the same number of DPD units as similar activities offered by AICD. Refer to the Professional Development Handbook for more descriptions of activity.
